CLUBHOUSE NEWS

D E C E M B E R 2 0 1 2

Donations Needed

Vermillion HOA is helping a displaced family from New York that was affected by Hurricane Sandy. They will move in shortly and are in need of a wide range of donations, since they lost everything. Items needed include: furniture/clothing-men's L/XL, women's plus sized/women's shoes size 8/ canned goods/non-perishable food items/household items/cooking dinnerware and new linens/towels. Meadow Pointe II Clubhouse will be the collection site. Thank you for supporting this family in a time of need.

Gates

During the holidays Meadow Point II residents will have many visitors. Ensure that you have a plan of action to allow them gate and parking access. If there is a problem with any gates functioning properly or if you see damage to any gates, please contact the clubhouse immediately. If you notice cars pushing into the gates, report these offenses immediately to the sheriff's office and clubhouse. Reporting these incidents help our residents avoid additional expenditures of District funds to repair the gates.

Our clubhouse is a liaison for the County when issuing on-street parking permits. Please make your request 3-5 business days to ensure that you receive your permit for your event/occasion.

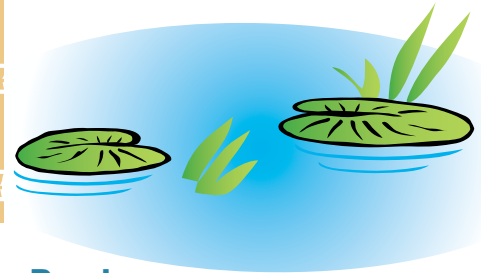

Decorations

Each village entrance is decorated by volunteers. Many of our villages need volunteers to help make each entrance a showcase for the residents living there. Donated decorations for each of the villages are currently available at the clubhouse. If anyone has decorations they would like to donate to the clubhouse or for a specific village, call us to pick them up or drop them off at any time.

We also provide helpful decorating tips that will keep our breakers and outlets from tripping. If any homeowner is having these issues we would be happy to share our knowledge. Look forward to seeing all the Holiday spirit personified.

Reminder for Holiday Season

Protect your property and the Meadow Pointe Community by reporting suspicious activities to the Pasco County Sheriff's Office. Dial 911 for emergencies. For non-emergencies Dial 352-518-5000. Keep valuables out of sight and lock house and vehicle doors.

Ponds

Cool weather is here and the rains have slowed down. Here are some things to look for through this winter from the ponds. Upon cooler weather the desirable plants in the ponds will go dormant and brown out. The water levels will slowly start going down. The cool air is good for the ponds as it raises dissolved oxygen levels for the fish in ponds. Any questions for us, consult the Meadow Pointe II office.

Thank you and Happy Holidays. Best regards,

Tony Smith
